

CONSTRUCTION SAFETY OFFICER JOB POSTING Vancouver, British Columbia

About TL Housing Solutions

TL Housing Solutions (“TL”) is an alternative housing provider that seamlessly finds, plans, and executes government-financed projects on behalf of our non-profit partners. With true development expertise, planning and permitting acumen, and strong partnerships (including in-house construction capacity), TL Housing Solutions links the entire process together from beginning to end, ensuring maximum value for all clients, partners, and the community.

Over the past ten years, TL has delivered innovative housing models to a market eager for alternative solutions with a proven, comprehensive system designed to benefit legions, churches, assisted living projects, and more. With more than 2,500 units either complete or in progress, TL Housing Solutions, a sister company to Townline, offers a significant way to give back to our community – and an even better way to look forward.

Currently we are in need of an experienced and dedicated Construction Safety Officer (CSO) to join the team. The successful candidate will have experience on construction sites, work well in a collaborative and fast paced environment, and will demonstrate excellent judgment, good common sense, and be a quick learner. The ideal team member will perform duties in a spirit of partnership and teamwork, and be committed to the highest ethical standard and take pride in our tradition of excellent service to our customers, consultants, trades, suppliers and working partners.

TL offers a competitive compensation package, and a comprehensive health benefits program.

This is an exciting opportunity for someone who is looking for experience in the rewarding field of social-purpose housing development and with one of BC's most respected and proven developers.

Role Description

Reporting directly to the Health and Safety Manager, the Construction Safety Officer (CSO) will be responsible for monitoring safety performances, completing daily site inspections and ensuring the project is properly implementing Townline’s Health and Safety Standards.

The Duties of the Construction Safety Officer may include but are not limited to:

- Provide first aid treatment within scope of training;

- Maintain first aid facilities and equipment;
- Implement and monitor TL Housing Solution's safety program and related policies;
- Monitor the safety performance of all on-site workers;
- Hold weekly safety meetings with TL Housing Solutions employees
- Complete daily site inspections
- Ensure safety reports, orientations, meeting minutes and data are collected and submitted to the Superintendent and Construction Manager as required; and
- Able to physically work on site to maintain site housekeeping, repair guardrails, and perform general labour duties, etc. as required.
- Other duties may be assigned consistent with the job description.

Skills and Requirements:

- Occupational First Aid Level 2 required;
- Construction Safety Officer (CSO) certification preferred;
- At least 1 year of multi-family residential construction experience;
- Strong working knowledge of local residential/commercial construction practices;
- Excellent organizational, presentation, and interpersonal skills;
- Demonstrated ability to prioritize tasks & meet deadlines;
- Comfortable working with and/or learning new software programs (i.e. Procore; SiteMax);
- Proficient using MS Word, Excel and Outlook;
- Effective communication skills;
- Ability to work in a team environment;
- Excellent attention to detail;
- Good problem-solving skills.
